NSU Computer & Engineering Club
Creating Tech Leaders Of Tomorrow

North South University Computer and Engineering Club is the only student club representing the Department of Electrical and Computer Engineering. It has organized events through which students of the department became engaged in several activities.

Computer Club is one of the oldest club in North South University established in 1994. but in 2015 when three clubs: NSU Computer Club, NSU Wireless Forum, and NSU SSET merged to become the one entity NSU Computer & Engineering Club.

North South University Computer & Engineering Club has organized events such as Cybernauts, Bit Area,Info Fest, SEPS Football Tournament and NSUCEC Six-a-Side Cricket Tournament, and many more as well as workshops on Android, Robotics, Programming Languages and Web Development.

Cybernauts is one of the main events which consisted of the famed Cyber Athletics, Projects Showcase, Line Follower Robot Competition and National Programming Contest. Students of various universities of Bangladesh would participate to provide themselves to the supreme champions of Bangladesh.

Bit Arena is one of the events through which robot lovers test their skills in Robo Soccer, Robo Wars, Drone Racing, RC Boat Race, Robo Race, and E-to become the best in Bangladesh.

Additionally, the NSUCEC collaborates with NASA Space Apps along with BASIS, to plan a number of anticipated events.

With this resolve, NSU Computer & Engineering Club looks forward to raise interest among the students of the Department of Electrical and Computer Engineering and various events.
